

FOR THE 2019-2020 SCHOOL YEAR

Pre-Calculus Honors

Khan Academy Class and Remind Codes:

Exercises and/or quizzes will be assigned on Khan Academy starting June 7th. If a student joins after June 7th, the assignments will appear once Mrs. Henderson updates the class roster. E-mail or send a message via Remind to let Mrs. Henderson know you joined. Students should score a 75% or better on each assessment. Assessments can be taken multiple times and students can receive hints on questions and be referred to videos based on those questions.

Students **MUST** join the Remind group to keep in contact with the teacher during the summer.

A prerequisite skill assessment will be given the second week of school based off the Khan Academy exercises.
