

FLVS Lab Subject Selection

Student Name: _____ ID#: _____ 2020/2021 Grade Level: _____

High school students are required to take at least one FLVS class for graduation. The class can be taken during the school day in our FLVS Lab or at home after school. If you would like to take an FLVS class in our FLVS lab, you must select the class/classes you will take next year in advance. Your counselor MUST approve all FLVS classes.

- Students may take any Elective class that they are eligible for.
- If you choose an Elective class that is 0.5 credits/1 segment, you must select a second course to be taken during the second semester. A 1.0 credit class will have 2 segments so only 1 class needs to be selected. (Click on the name on the FLVS course list to see how many credits/segments it has.)
- Core classes may only be taken with prior approval from the Administration, and will only be approved under special circumstances.

Select your FLVS class carefully, **no changes can be made** to the FLVS class you are registered for once the semester begins! You will be required to remain in your FLVS course for the entire school year.

Visit <https://www.flvs.net/flex/courses> for a complete list of high school courses available.

****DO NOT register for the course on the FLVS website. We must register for you for FLVS lab classes.****

Enter your course selection here:

1. _____

of Segments _____ Credit: 0.5 / 1.0 (circle one)

2. (only if course above is 0.5 credit) _____

of Segments _____ Credit: 0.5 / 1.0 (circle one)

List 3-4 alternative courses that you would also be interested in if your first choices are not approved:

I understand that I will only receive an FLVS lab class if it fits into my schedule (if all required courses are all satisfied). I have carefully selected the FLVS courses that I am interested in taking. I understand that no changes can be made to the course I am registered for once the school semester begins.
