

2024-2025 SCHOOL YEAR

AP Calculus AB

E-mail: ehenderson@dadeschools.net

Khan Academy: [Join the class](#)

Remind: [Join the group](#)

It is recommended for students to purchase a graphing calculator (preferably TI-84 Plus CE or TI-Nspire CX II). Graphing calculators may also be rented and returned after the AP Exam in May (supply is limited).

Exercises and quizzes to prepare students for AP Calculus AB will be assigned on Khan Academy starting June 7th. Students should score a 75% or better on each assessment. *It is **highly recommended** that students watch the videos and attempt prior exercises **before** attempting the quizzes.* Exercises and quizzes can be taken multiple times and students can receive hints on questions, refer to videos, and start an assessment over at any time.

It is crucial that students complete these questions to the best of their ability. These prerequisite skills were chosen to support student success before new, challenging calculus topics are introduced.

Students **MUST** join the Remind group to receive any important updates from Mrs. Henderson during the summer. You may message Mrs. Henderson via Remind or email.
