2. Choose your favorite stimulus from above (**ONE ONLY**), this is the piece you will be working with. Here are your tasks to complete for your chosen stimulus:
 - i. Create an APA Style citation and reference. Guidelines available at OWL on Purdue University's website:
https://owl.purdue.edu/owl/research_and_citation/apa_style/apa_formatting_and_style_guide/index.html
 - ii. Go to Google Scholar and try your best to find **ONE** similar scholarly article on the topic. Watch this video on Google Scholar and the importance of search terms to help guide you:
https://www.youtube.com/watch?v=t8_CW6FV8Ac

- iii. Create an online Venn Diagram comparing the similarities and differences between the two articles (the stimulus that you chose and the one you found on Google Scholar). It is not easy. Do your best. Make mistakes and ask question on the document. An optional digital Venn Diagram is offered: <https://www.classtools.net/Venn/>
 - iv. If you were going to pursue this as an area for inquiry what would be a Research Question you would make?
 - Use AI to create a possible research question.
 - Use the following criteria to modify the question so that it is a viable topic for Seminar:
 - a. Involves genuine points of an ongoing debate
 - b. Invites engagement with alternative perspectives
 - c. Requires a judgement or evaluation to be made
 - d. Is researchable (not too broad or too narrow)
 - e. Simple (avoids additional embedded questions)
 - f. Research Question Instructional Video:

3. Analyze the following articles by completing the following activities. If these links become inactive, please send me a Schoology message and I will find you a new active link (yes, links expire).
- a. <https://sci-hub.ru/https://link.springer.com/article/10.1023/A:1025314919836>
(SciHub is a rogue database with free Scholarly Articles)
 - b. [Summer assignment article 2023.docx](#)
 - i. Create an online Venn Diagram comparing the similarities and differences between the two articles (a and b bulleted links above). It is not easy. Do your best.
 - <https://www.classtools.net/Venn/>
 - ii. Create a citation and a reference for each. Add it into the Venn diagram in the difference's sections.
