

**2024-2025 SCHOOL YEAR**

## **AP Calculus BC**

E-mail: [ehenderson@dadeschools.net](mailto:ehenderson@dadeschools.net)

Khan Academy: [Join the class](#)

Remind: [Join the group](#)

It is recommended for students to purchase a graphing calculator (preferably TI-84 Plus CE or TI-Nspire CX II). Graphing calculators may also be rented and returned after the AP Exam in May (supply is limited).

Unit Tests, quizzes, and exercises for AB Topics from Units 1-8 will be assigned on Khan Academy starting June 7<sup>th</sup>. Students should score a 60% or better on each assessment, which can be attempted multiple times. *It is **highly recommended** to review the unit topics by watching videos and completing exercises and/or quizzes **before** attempting the unit tests.*

Students **MUST** join the Remind group to receive any important updates from Mrs. Henderson during the summer. You may message Mrs. Henderson via Remind or email.

A practice AP Calculus AB exam may be given within the first weeks of school for strength and weakness analysis.
