# COURSE OVERVIEW

► The AP Spanish Language and Culture exam tests your linguistic and cultural knowledge through multiple-choice questions, interpersonal speaking and writing, and presentational speaking and writing. The spoken part includes an interpersonal conversation and a presentational cultural comparison. For the presentational speaking, you will deliver a two-minute presentation, comparing a cultural feature of a Spanish-speaking community to your own, requiring a structured response with a thesis, developing points, and a conclusion.

# EXAM FORMAT AND SKILLS

Multiple Choice: Consists of print and audio texts, testing comprehension.

Interpersonal Communication:

Speaking: Engage in a simulated conversation, with a limited time (20 seconds) for each of your five responses.

Writing: Compose an email reply.

Presentational Communication:

Speaking: Give a two-minute presentation where you compare a cultural feature of a Spanish-speaking community to another community.

Writing: Write an argumentative essay.

## A stack of books with an open book on top. The background is a warm, blurred brown. Floating around the books are various white mathematical symbols and icons, including plus (+), minus (-), multiplication (x), division (/), and numbers (0, 1, 2, 3, 4, 5, 6, 7, 8, 9). There are also icons of a magnifying glass, a pencil, and a lightbulb, suggesting a theme of learning, research, and discovery.

## Parents,

Welcome to the Spanish Class! I truly believe that a strong partnership between home and school makes a big difference in a child's learning, and I am very excited to work together with you this year. I look forward to getting to know your child better, supporting their growth, and keeping open communication with you along the way. Thank you for being here and for being such an important part of our classroom community.
