Students and staff will receive testing information through Schoology, email and posted room assignments.

Student Arrival Procedures

At **7:20 AM**, students must report directly to their **1st or 2nd period class upon arrival** and will transition to their assigned testing locations at **7:30 AM**.

- **After 7:30 AM:** Report to the Security Desk for a pass, then proceed to the assigned testing room before **7:40 AM**.
- **After 7:40 AM:** Report to **Ms. Mitchell**, who will direct the student accordingly.

Testing Late Arrivals

Students who do not arrive at their testing location by **7:40 AM** will be scheduled for a make-up session.

Bell Schedule for Testing Days

To minimize hallway movement and maintain a secure testing environment, the school's bell schedule will be modified on all days when statewide assessments are administered.

On testing days, all students and staff will report to their **1st or 2nd period classes for attendance**. As outlined in the calendar below, the school will then transition to an extended block schedule.

Block 1 will be extended to provide students with **more than three hours of uninterrupted testing time**. To accommodate this extended testing period, **two class periods will be shortened accordingly**.

Please note that lunch assignments may differ from your usual schedule. All students and staff will report to Block 2 and follow the adjusted lunch schedule as assigned.
